Terms and Conditions

Please allow 6-8 weeks for shipping.

Payment Terms:

Payment is due upon acceptance of an order, unless otherwise stated.

PO Payment Terms:

Payment terms on Purchase Orders are Net 30. This applies to Government Agencies, Schools and Branches of the Military.

Accounting Hold:

Prior to shipping, invoice balances and terms will be confirmed. Orders with open balances will be placed on Accounting Hold until payment has been made. Upon receipt of payment, the hold will be released and the shipment will be prepared for dispatch.

Production & Shipping Schedule:

The Production & Shipping schedule is contingent on inventory availability, satisfaction of payment terms & invoice balances, and completeness of shipping information. Your Sales Representative will keep you informed as to the status of your machine order and if any back-orders or delays present themselves. Every effort will be made to meet your delivery expectations as negotiated with your sales representative.

Shipment Tracking:

Detailed LTL Tracking info, Bill of Lading and Receiving Instructions will be provided to the customer upon dispatch from our warehouse. Contact information for the destination terminal will also be provided in the event the receiver would like to coordinate with the delivering terminal to schedule a delivery appointment. Please review the model, dimensions and weight of the crate and machine being delivered. Boss will provide lift gate service for 1630 machines and smaller.

Residential Deliveries:

LTL Carriers will add 1 additional day to the transit time to afford the destination terminal an opportunity to contact the receiver for a delivery appointment. Due to increased liability, LTL carriers will not back into residential drive ways. For this reason please make the necessary arrangements to transport the machine from the curb to your machine's final location.

Commercial Deliveries:

Commercial delivery addresses do not include personal residential property. If the LTL carrier deems the final destination as residential the residential terms above will apply. Please review the dimensions and weight of the crate and machine being delivered. Unless agreed to otherwise clients will be responsible for offloading the machine from the truck to it's final destination. Boss Laser can offer more full service delivery options if needed. Details should be specified on the invoice above. We do not deliver on Saturday, Sundays, or Holidays.

Over Dimensional Freight & Special Delivery Equipment (2436 or Larger):

Please review the model, dimensions and weight of the crate and machine being ordered. Boss will provide lift gate service for the LS-1630 machines and smaller.

For 2436 machines or larger lift gate service is not available due to the over dimensional nature of the crate, the buyer MUST make arrangements to have a Forklift & Operator available at the time of delivery.

Re-consignment of Shipment in Transit:

Any re-consignment charges that result from the customer changing the delivery destination while in transit, are the responsibility of the client and will be invoiced accordingly.

Agreement:

The above is a quote/invoice for items and services listed. If accepted by the parties, they acknowledges that this agreement shall be governed by the laws of the State of Florida any action to enforce this agreement shall be brought in a court of competent jurisdiction with venue lying exclusively in Seminole County, Florida. The parties agree to waive and to take all steps necessary to waive all rights to a jury trial.

International Buyers:

International Buyers must provide complete contact information for the Customs Broker that will clear their shipment. Import duties, taxes, and charges are not included in the item price or shipping cost. These charges are the buyer's responsibility. Please check with your country's customs office or your Broker of choice to determine what your additional costs will be prior to buying.
